

Technical drawing of a rectangular plate with two circular features. The plate has a total width of 1200 and a total height of 450. The left feature is a circular hole with a diameter of Ø45, centered 265 from the left edge and 335 from the bottom edge. The right feature is a circular hole with a diameter of Ø75, centered 500 from the right edge and 268 from the bottom edge. The plate has rounded corners with radii R100 and R85. A 15mm gap is shown at the bottom left corner. Dimensions are labeled with arrows and text.

Fig. 1

The drawing shows a mechanical part with a total length of 1200. The side view shows a profile with a top flange of thickness 15, a main body of height 150, and a bottom flange of thickness 12. A cross-section view labeled 'View C' is shown at the right end, indicating a circular feature with a diameter of 120 and a wall thickness of 12.

Technical drawing of a stepped shaft. The total length is 450. The width of the step is 100. The diameter of the shaft is 150.
